University Buildings, Chepauk,
Madras, 20th August 1940.

Instructions to candidates appearing for the examinations to be held in 1940.

Candidates for University Examinations are required to observe the following instructions very carefully:—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall, each day of the examination, their hall tickets for inspection by the Chief Superintendent.

3 Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but the register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned on each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out, and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners, should they do so their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.*

Candidates are strictly prohibited from smoking in the examination room.

7 CANDIDATES ARE NOT ALLOWED THE USE OF BOOKS OF ANY KIND (EXCEPT AS PROVIDED IN RULE 8). THEY ARE ALSO PROHIBITED FROM INTRODUCING INTO THE EXAMINATION ROOM ANY BOOK OR PORTION OF A BOOK, SLATE, MANUSCRIPT OR PAPER OF ANY DESCRIPTION, FROM COMMUNICATING WITH OR COPYING FROM EACH OTHER, AND FROM COMMUNICATING WITH ANY PERSON OUTSIDE THE EXAMINATION ROOM. ANY CANDIDATE DETECTED IN THE VIOLATION OF THESE RULES WILL BE SENT OUT OF THE ROOM FORTHWITH, AND HIS CONDUCT WILL BE REPORTED TO THE REGISTRAR.

The use of stencils at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in Physical Science will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates offering Mathematics, Physics, Chemistry, Geography, Electrical Engineering and Mechanical Engineering of the Intermediate Examination, B.A., B.Sc., B.A. (Honours), B.Sc. (Honours), M.A., B.Sc., B.Sc. (Ag.), B.Sc. (Pharmacy) and B.L.Sc. Degree Examinations and Pre-registration Examination only.

An 'earnest' fee of an amount equivalent to the cost of a copy of Mathematical Tables should be deposited with the Chief Superintendent by such student requiring the use of such books, the amount to be refunded on the book being returned. The cost price of each book is ten annas.

9. Candidates for examination in science subjects are required to submit their laboratory note-books both in the main and in the subsidiary subjects to the Examiner concerned on the first day of the practical examination and to get them back at the close of the examination. *This instruction applies only to candidates appearing from colleges*

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink-bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is invited to the instructions regarding rough working and loose sheets of paper printed on the answer-books. All rough working must be shown on the left hand page of the answer-books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer-books of candidates. If the ordinary answer-books are found insufficient, additional books will be supplied and these should be securely fastened to the answer-books.

12. AS SOON AS CANDIDATES HAVE FINISHED WRITING THEIR ANSWERS, AND WISH TO GIVE UP THEIR ANSWER-BOOKS, OR AT THE END OF THE PERIOD PRESCRIBED FOR EACH PARTICULAR PART OF THE EXAMINATION, EACH SHOULD STAND UP IN HIS PLACE AND REMAIN STANDING UNTIL ONE OF THE SUPERINTENDENTS HAS GONE UP TO HIM AND HAS RECEIVED HIS ANSWER-BOOK FROM HIM.

Where the halls are suitable, the following alternative procedure may be adopted: At the end of the period prescribed for each particular paper the candidates should at once fold their answer-books, leave them in evidence at their places, vacate their seats, retire to the passages between the tables and move out of the hall in order and in silence, the Superintendents being meanwhile stationed in position from which they may command a good view of the blocks entrusted to their care; when all the candidates have moved out, the Superintendents will collect the answer-books.

13. COMMUNICATIONS TO THE REGISTRAR FROM CANDIDATES REQUESTING INFORMATION RELATING TO THE RESULTS OF EXAMINATIONS WILL NOT RECEIVE ATTENTION UNTIL AFTER THE PUBLICATION OF THE RESULTS IN THE *Fort St. George Gazette*.

14. ALL MUFASSAL CANDIDATES MUST OBTAIN THEIR HALL TICKETS FROM THE CHIEF SUPERINTENDENTS OF THE RESPECTIVE CENTRES AT WHICH THEY ARE TO BE EXAMINED, DURING THE THREE DAYS BEFORE THE COMMENCEMENT OF THE EXAMINATION. INFORMATION AS TO THE PLACES OF EXAMINATION WHERE THE CANDIDATES ARE TO BE EXAMINED IN MADRAS AND OTHER CENTRES WILL BE DULY NOTIFIED AT THE UNIVERSITY BUILDINGS AND IN THE *Fort St. George Gazette*.

15. *No college student will be allowed to select a centre for his examination other than that in which the College he studies is situated except for satisfactory reasons and on the recommendation of the Principal of his College.*

16. *Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity. They shall also be required to place their signatures upon the identification certificates produced by them before the Chief Superintendents of the respective centres*

The Cambridge Local Examinations (Higher School Certificate, School Certificate and Junior School Certificate) will be held in December 1941, probably on Monday the 1st December and following days. Cambridge Examinations are not held in July anywhere in India.

2. The only examinations held in this Province are the Higher School Certificate Examination, School Certificate Examination (formerly called the Senior Local Examination) and the Junior School Certificate Examination formerly Junior Local). The preliminary examination has been abolished.

3. The examinations are held in this Province in the following centres:—

(a) Coimbatore,
(b) Coonoor,
(c) Kodaikanal,
(d) Lovedale,
(e) Madras,
(f) Trichinopoly,
(g) Ootacamund, and
(h) Yercaud.

4. No candidate can be admitted to the examination without the permission of the Local Secretary.

5. Candidates, European and Indian, for the Schools. *The Syndicate of the Cambridge Local* completed their high school course in a recognized European or Indian school (viz., IX Standard of a European School or VI Form of an Indian school). Candidates for the Junior School Certificate Examination must have read for two years in a recognized school. They must be presented by the school in which they are reading. Attention is invited to Article 47 of the Code of Regulations for European Schools. *The Syndicate of the Cambridge Local Examinations have decided that no external candidates shall be accepted for the Junior School Certificate Examination in India.*

The Cambridge Higher School Certificate Examination will be held with a limited range of subjects. It is open only to the holders of the Cambridge School Certificate or those who have passed the Intermediate Examination of an Indian University. Candidates for this examination are requested to intimate the subjects which they are likely to offer for the examination with a view to making proper arrangements.

6. *Private candidates.*—(a) European private candidates will be allowed to appear for the examination under conditions similar to those stated in Article 79 of the Code of Regulations for European Schools.

(b) Indian private candidates will be allowed to appear for the School Certificate Examination only on production of a certificate from the District Educational Officer or Inspectress of Girls' Schools having jurisdiction over the district in which they reside. Special application forms for admission (not entry forms) and forms for identification certificates are available in this office. Candidates applying for these forms should specify clearly their general educational qualifications duly certified and the purpose for which they wish to appear for the examination. Requests without this information will not be complied with. Candidates should fill in the form of application in the presence of the District Educational Officer or the Inspectress of Girls' Schools and get the Identification Certificates countersigned by the same officer and submit them to the Local Secretary with the eligibility certificates granted by the District Educational Officer or the Inspectress. The officer should certify that the candidate satisfies note 5 above and is pursuing a regular course of study in preparation for the examination under proper discipline, and that after a personal examination he has satisfied the officer that he is fit to enter for the examination and has adequate special reasons for wishing to do so. No candidate can be admitted for the examination without the production of the application form, the identification certificate and the eligibility certificate. *Candidates are, therefore, warned to get them in good time.*

(c) Indian private candidates residing in the district of Madras must obtain the certificate referred to above from the Inspectress of European Schools, Madras. Such certificates will not be issued after June 30th.

(d) A private candidate resident in a Province in which there is a centre cannot be admitted at any centre outside that Province without the consent of the Local Secretary of the Province from which he comes.

(e) Candidates resident in a Province in which there is no centre may apply for admission to the Local Secretary of another Province in which they desire to sit.

7. (a) A copy of the Regulations for the Cambridge Local Examinations to be held in any year can be had from the Local Secretary after the 1st July in the previous year. Regulations made after the latest date of entry without late fee will be ignored. Any one requiring a copy of the Regulations for 1941 must apply to the Local Secretary stating his general educational qualifications, duly certified, and the purpose for which he desires to appear for the examination.

(b) All correspondence with the Local Secretary must be in the form of a letter. A stamp for one anna must invariably be enclosed with each communication to this office to which a reply is expected. Candidates are also informed that this office will not enter into any correspondence in the matter of choice of subjects for the examination or as the matter of admission through Principals of Tutorial Institutions.

Modification of the chit tender notices for constructing quarters for police staff at Chittoor.

In partial modification of the above notices published in Part II of the *Fort St. George Gazette* dated 9th July 1940 and 13th July 1940, it is now ordered that tenders for both the blocks should be sent together as one tender and not separately.

A. S. RAMALINGAM,
Executive Engineer, Madanapalle Division.

Madanapalle, 1st August 1940.

Tender for the work of constructing Out-patient and Venereal Block, New Headquarters Hospital, Trichinopoly.

Tenders will be received by the Superintending Engineer, Trichinopoly Circle, at his office at Trichinopoly, up to 3 p.m., on 10th September 1940 for the work of constructing Out-patient and Venereal Block, New Headquarters Hospital, Trichinopoly.

The tender should be in the prescribed form obtainable from the Superintending Engineer's office. The tenders will be opened by the Superintending Engineer, Trichinopoly Circle, at the place and on the date aforementioned.

The tenderers or their agents are expected to be present at the time of opening of tenders. The tender receiving officer will on opening each tender prepare a statement of the attested and unattested corrections therein and bind it over to tenderer concerned and initial all such corrections in the presence of the tenderer. If any of the tenderers or their agents finds it inconvenient to be present at the time, then in such a case the tender receiving officer will on opening the tender of the absentee tenderer make out a statement of the unattested corrections and communicate it to him. The absentee tenderer shall then accept the statement of the correction without any question whatever.

2. Tenders must be submitted in sealed covers, and should be addressed to the Superintending Engineer, Trichinopoly Circle, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorized officer who shall produce with the tender satisfactory evidence of his authorization. Such tendering corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3. Each tenderer must pay, as earnest money, a sum of rupees nine thousand two hundred and fifty only into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of Revenue Deposits on behalf of the Executive Engineer of the Trichinopoly Division and enclose with his tender the challan returned nevertheless. This earnest money will be refunded to the unsuccessful tenderer on application, after information is sent of rejection of the tender or at the expiration of two months from date of tender whichever is earlier. This refund will be authorized by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received in cash or currency notes by the Public Works Department Officers save in exceptional cases, where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date, on the back of all the currency notes given by him, whatever their denominations may be.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Superintending Engineer's office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Superintending Engineer of acceptance of his tender make a security deposit of rupees one thousand two hundred and fifty only in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 93 of the standard preliminary specification of the Madras Detailed Standard Specifications shall be retained as security for the due fulfilment of this contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to attend the Superintending Engineer's office on the date fixed in the written intimation from such office or to enter into the required agreement or to make the security deposit as defined in the paragraph shall entail forfeiture of the earnest money. The written agreement to be entered into between the contractor and the Government shall be the foundation of the rights of both the parties and the contract shall not be deemed to be complete until the agreement has first been signed by the contractor and then by the proper Officer authorized to enter into contracts on behalf of Government.

5. The tenderer shall examine closely, the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein, and urge the Divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender unit rates which shall be for finished work *in situ*. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials etc., can be seen at any time between 11 a.m. and 5 p.m. on office days, in the office of the Superintending Engineer, Trichinopoly Circle. A copy of the set of contract documents can also be had on payment of rupees fifteen for each set.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of

materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification Sheet. The best class of materials to be obtained from the quarries or other sources defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in this tender notice, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the notice of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Superintending Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

3. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with—

(1) Test, inspection and rejection of defective materials and work
(2) Carriage.
(3) Construction plant.
(4) Water and lighting.
(5) Cleaning up during progress and for delivery.
(6) Accidents.
(7) Delays.
(8) Particulars of payment.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9. A schedule of quantities accompanies this tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Trichinopoly Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas, and in sums of three pies. The rates should be written both in words and figures and the sums in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and sums in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract, such lump sum agreeing with the total amount of Schedule A. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialling, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized, and, if any such alterations are made the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Departmental estimate rates which are not open for inspection by tenderers.

12. The price at which and the source from which certain particular materials shall be obtained by the contractor are given at the end of the schedule accompanying the tender form. Tenderers must accept the material at these prices, and shall quote their price for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials, the charge to the contractor will remain as originally entered in the written contract. No cartage or accidental charges will be borne by Government in connexion with this supply.

13. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.

Period after date of commencement	Percentage of work completed. (Based on contract lump-sum amount).
Three months	25
Six months	50
Nine months	75
Twelve months	100

14. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorising others to receive payment on the contractor's behalf.

15. If further necessary information is required, the Executive Engineer of the Division will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

16. The Superintending Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

17. Preference in the selection from among the tenderers will be given, other things being equal, to those who are themselves professionally qualified or who undertake to employ qualified men at their cost to look after the work. The tenderers should therefore state in clear terms whether they are professionally qualified or whether they undertake to employ technical staff and if so to give their professional qualifications or of the staff to be employed. In case the selected tenderer is one who has undertaken to employ technical staff under him, he should see that one of the staff is always at site of the work during working hours, personally checking all items of work and paying extra attention to such works, as may demand special attention, e.g., reinforced concrete work, etc.
